*** (General swimming and gym sessions)** We reviewed our services during the pandemic. Unfortunately, we cancelled lane swimming and family swimming. This is due to the size of our pool, changing rooms, absence of adjoining reception and additional staffing needs. We also cancelled gym memberships, due to the size of the facilities and additional staffing needs.

All bookings must fund themselves, however swimming and gym sessions aren't able to do this during nor after the pandemic – given the above considerations.

We do, however, continue to offer squash membership. We have also introduced tennis membership this year.
